

Welcome to our 15th edition of the school newspaper.
Well done to all of the journalists who have written
articles. We hope you enjoy it!

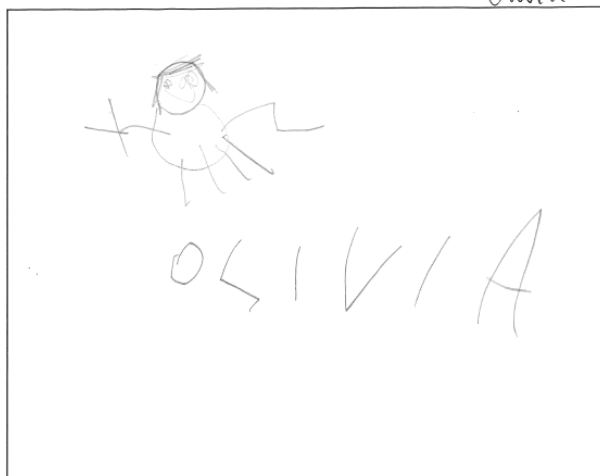

Perfect Pets! Which is your favourite pet and why?

Dunni

My favourite pet is a cat. Cats are cute and fun.
I like that they take care of themselves and
walk quietly. I love the sound that they make-meow!
Cats are soft and nice to touch. This is why a
cat is my favourite pet.

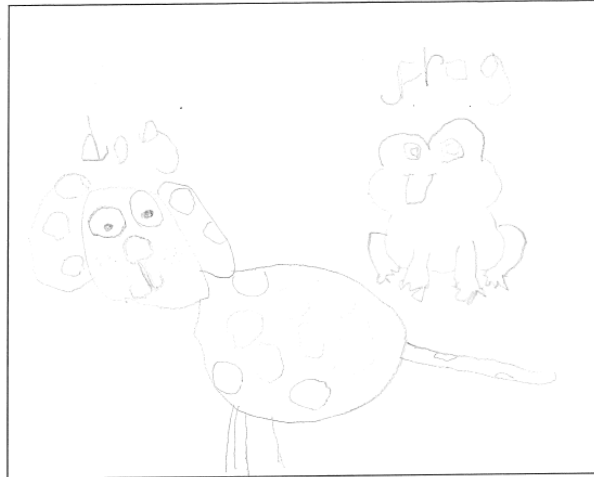

Olivia

I like cat
My cat is Gatto
His fur is soft
I like cat. My cat is Gatto. His fur is soft.

I like cats. My cat is Gatto. His fur is soft.

Roman

I have a Pet dog at
home and he is a
dalmatian called Rudy.
I would like a pet frog
because it jumps a lot.

Strictly Come Dancing! Who will waltz their way to the Glitterball?

Nehanth

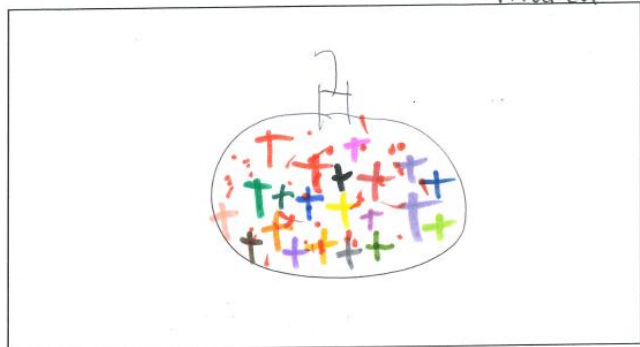

Strictly come Dancing: is a fun show where people learn to dance. They want to win "THE Shiny Glitterball trophy". Some dancers do slow dances like the waltz, some do fast dances. Everyone is excited to see who will win.

Bryan

On strictly come Dancing, dancers wear Sparkly clothes. The music is loud and fun. They jump and spin. The judges watch and give points. Everyone wants to win the shiny Glitterball.

Maria

I Love strictly come Dancing. My favourite dancers are George Clarke and Alexis. They did a dancing from K-pop Demon Hunters. It was so cool. they did a big spin that looked like a pretty glitterball.

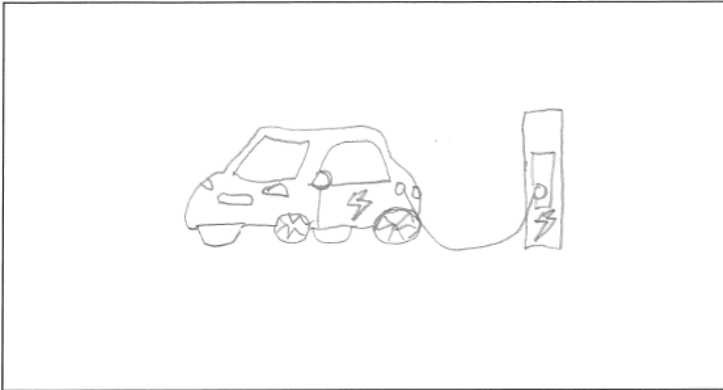

Mabel

I am really enjoying watching Strictly come Dancing every Saturday and Sunday.

My favourite dancers are Amber and Nikita. I think that they will waltz their way to the glitterball because they are incredible.

COP 30! How can we protect our planet?

Maggie

The 3R are among best practice in how we can help to protect our planet they are reduce reuse and recycle. people should try to focus more on reducing and reusing which would then mean there would be less need to recycle. Nature sustainability is very important. Various people across the world have worked with large plastics to make them into sculptures, not only does this type of art keep these materials from landfill it can also help people reflect on and elevate sustainability topics. we can

also think about purchasing an EV which is an electrical vehicle as it is much kinder on the environment than petrol and diesel vehicles.

This can also apply to household appliances. In our house we wash up our dishes and cups in order to help the environment by not always having the dishwasher on. This helps as to contribute to saving electricity. We could also think about taking the train or bus instead of driving this helps with our carbon footprint.

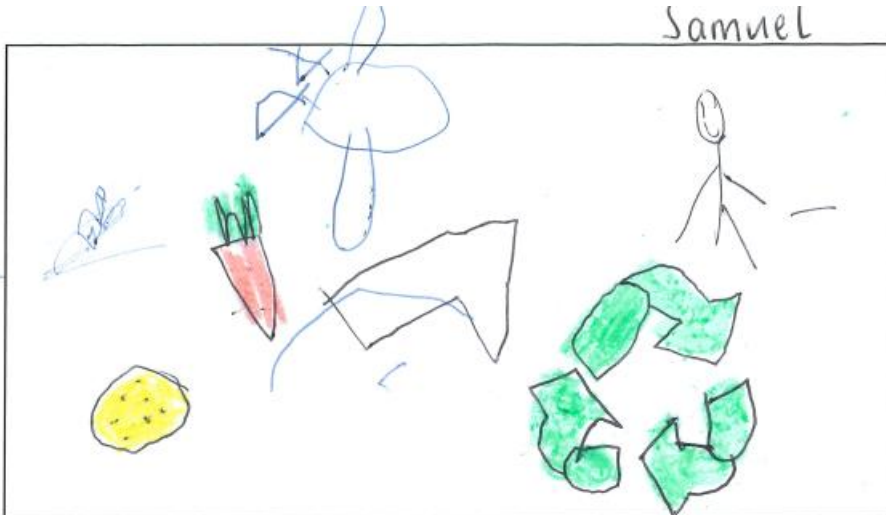

Theo

We should protect our planet by saving resources. These could be materials like plastic bottles, water or electricity. When you brush your teeth, make sure you turn the tap off, this means you won't waste water. To save electricity you should

turn lights off when you leave a room. You should also turn off other appliances like televisions, radios and computers. If we don't do these things my grandchildren won't have water or power. Please look after our world!

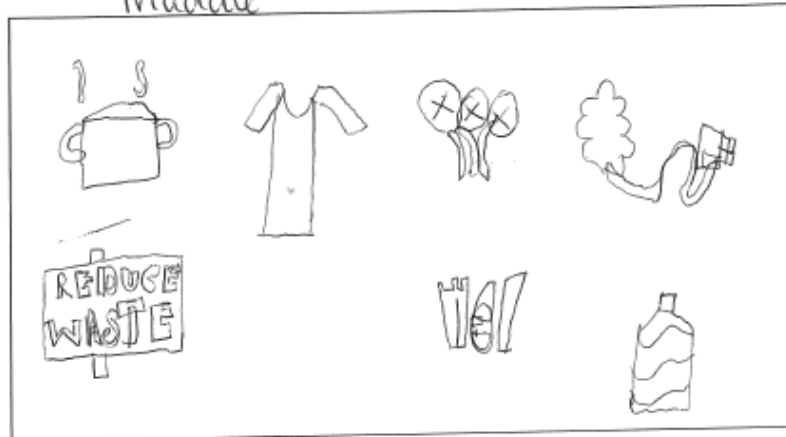

Samuel

* to help protect our planet
 we can recycle and there
 eat more vegetables
 walk not drive plastic
 in wildlife in poisons
 * people should stop
 chopping down trees
 to protect the effects
 the ozone layer

plastic

Maddie

~~We can be~~ s

We can be sustainable and look after our planet better in many ways. one way can be our eating habits ~~and~~ and where we buy our food reducing the amount of meat and dairy that we eat and buying more plant based ^{meals} that from places such as MSC marine Stewardship council and UK retraction can help minimising food waste by dates and choosing produce ^{etc} that have less packaging. donate or sell it ourselves rather than throwing them away. ~~according to local~~ a community we can make sure we are looking after our environment. Batch authorities which will help our cooking.

and Freezing meals for another day will also help food not go to waste in the spring our family grew our own tomatoes and straw beans which we ate all over the summer. We also donate foods to charity and people less fortunate.

Prayer Corner

<u>'Prayer Corner'</u>
Nehanth
Dear God,
Thank you for our
Amazing Planet, it's full of
trees, animals and beautiful
places to play.
Thank you for our
home and for giving us
everything we need Amen.

Dear God,

Thank you for our amazing planet. It's full of trees, animals and beautiful places to play.

Thank you for our home and for giving us everything we need.

Amen

<u>'Prayer Corner'</u>
Dunni
Thank you God for our earth:
Thank you God for the sun trees flowers and
animals
Thank you God for helping us keep the earth
clean.
Thank you God for the people who pick up
garbage
Thank you God for helping us take care
of the trees and animals.
Thank you God for showing us that everything
on earth helps each other.
Thank you God for helping us not waste water
and keep the air fresh.
In Jesus name I have prayed Amen.

Maddie

Dear Lord Stewardship

please help us to always remember
to throw our rubbish away and
not litter in the streets as this
can harm wildlife and harm our
atmosphere.

Lord here we

'Prayer Corner'

Maggie

stewardship prayer for our planet

Dear Lord,

please help us all to protect our
planet by not wasting food and
sharing with others please help us to
recycle in a responsible way

Lord hear us

Dear 'Prayer Corner' ^{maria}
 God - please help
 our world be
 Happy. Keep the
 flowers growing and
 the oceans blue. help
 us be ~~res~~nice to
~~each~~ each other ~~at~~
 and help us to
 protect all the animals.
 thank you for
 our planet. Amen.

Dear God,
 I love our world. I will look after it. I will be
 nice to my friends.
 Amen.
