

St Helen's Herald

E-Edition 17

Welcome to our 17th edition of the school newspaper. We cannot wait to show you all of the wonderful things that have happened at St. Helen's Catholic Infant and Nursery School this term. Well done to all of the journalists who have written articles. We hope you enjoy it!

Super Sports Day!

Reception children enjoyed sharing the fun they had during Sports Day.

The 5th June 2026 was Super Sports Friday. Champion Hammer Thrower Katie Head came to visit us at St Helen's. all the children were so excited to meet her. Later that day we had Sport Day each House paraded on the field. The egg and spoon race and running race were the most fun.

During Sports day, St. Clare's enjoyed going on the seters. my sister Emily and I enjoyed going on top of the bounsy things. Evenome inside St Helen Infant enjoyed it.

Mila

Sports Day was lots of fun:
 We did lots of different races.
 My favourites were the scooter and space hopper races.
 I had fun with my friends.

Super Sports Day!

Cillian

on sports I liked the egg and space race best.
 An athlete showed us a
 he then told us she swung
 it and then he said
 she could throw over
 100 kilos!

Who will Win the World Cup 2026?

Ava

I think the world cup is fun.
The four strongest football
teams are Brazil, Argentina,
England and France but
I think ~~the~~ Argentina will win
because it has the best
player in the world. My parents
think England will win.

Matthew

World cup 2026

England will win the world cup 2026.
Declan Rice is my favourite player
because he used to play for West Ham.
This world cup is in America.
England scored four goals in
their first match. The best goals were
scored by Harry Kane. GO England!

Miguel

Spain España has better
football than every

one else. I love
Spain because it is
also my family's
country.

¡Vamos a España!

Lottie

I think France will win the world cup in
2026 the team is full of talent and they
show great teamwork. The team trains hard every day
and they have some of the best players in the
world. My favourite player is Kylian Mbappé
because he is a superstar striker. I can't wait to
see how many goals he scores!

Good luck France!

The Big Future. What could be done to make your future better?

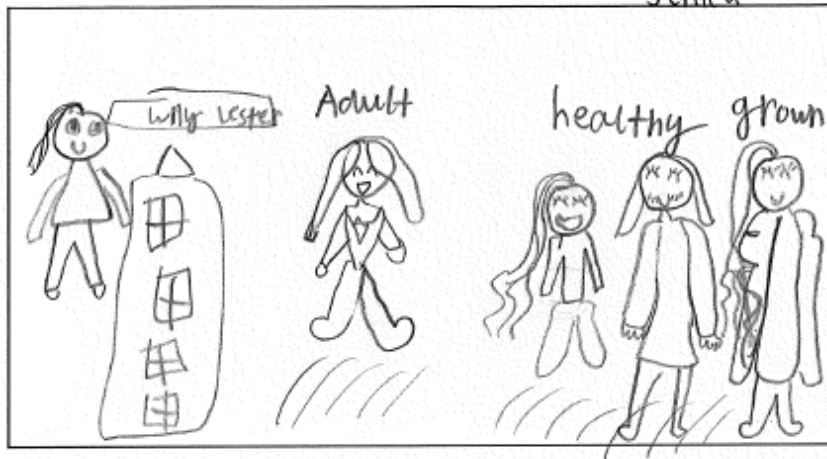

Omar- More parks, more museums and cheaper prices in Brentwood.

I imagine a beautiful planet where everyone is kind, and there are lots of animals, trees, and clean oceans. When I grow up, I want to be a scientist who discovers new things, so I can help make the world better. I enjoy doing experiments at home with my science kit. My last experiment was called "Sweet rainbow. I love rainbows. To become a scientist, I will study hard and focus on learning everything I can.

I will love everyone and teach others to love and respect each other, to make the world a better place to live in. I love the world because it has so many colors, but I want to make sure everyone is happy and safe.

Jenica

One thing that could be done to make my future better would be going to university when I finish secondary school because I could learn more things at university. This will help my future by making me prepared for being an adult.

Another thing that could be done to make my future better would be doing activities with my friends and family because it will help me stay healthy.

One last thing that could be done to make my future better would be eating fruit and vegetables every day. This is because you need to eat fruit and vegetables every day. This will help me become a strong and healthy adult in the future.

I would like our planet to be cleaner, greener and full of happy people. There will be lots of trees, flowers and parks. The rivers and oceans will be clean because nobody will throw rubbish in them. Animals will have safe places to live and there will be more bees.

I hope that people will use electric cars, buses and bikes so there is less pollution.

More houses will have solar panels on the roofs to make clean energy from the sun. Everyone will recycle and help to look after the Earth.

When I grow up, I would like to be a footballer. I will help keep parks clean so that I can train in them. When I become a professional footballer, I hope that I can use my money to plant trees and build football parks for children to enjoy.
