Super Six Nations- who will be crowned the winner?

The Six Nations takes place every year between the top rugby union playing countries in Europe. The countries are England, Scotland, Wales, Ireland, France and Italy. The Six Nations is one of the oldest tournaments in rugby and is older than 138 years.

The teams have all played 4 games each. France are at the top of the table followed by Ireland.

France are the favourites to win the Six Nations because they have won 4 of the games.

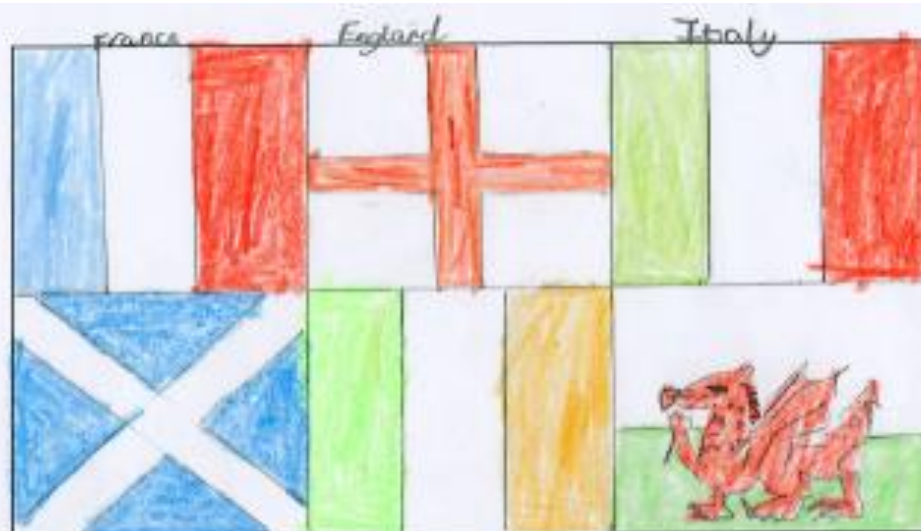

However, Ireland can still win if they draw their ~~last~~ match and France lose, or if they win their last match and France lose or draw without a bonus point.

The final match is on the 19th of March.

On the 19th of March we will find out who will win the Six Nations.

Super Six Nations- who will be crowned the winner?

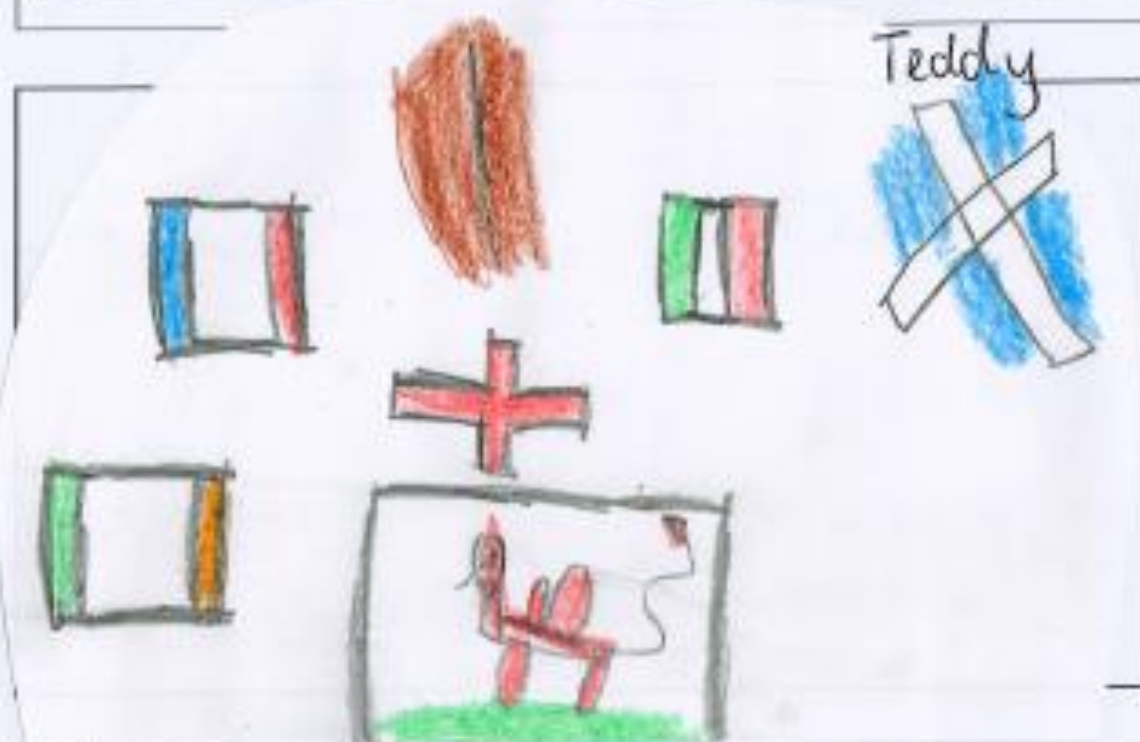

The six nations started on February the 5th 2022.
It has six teams in it. They are England, Scotland, Wales, Ireland, Italy and France. The competition ends on the 19th of March.
England lost the first match to Scotland 17-20. France is currently on top after playing 3 matches. Italy are at the bottom of the table. If England win the next 2 matches they will be crowned the winners. They have strong competition from France and Ireland but I think

England will win and be crowned the six nation champions and win the beautiful trophy.

Francesca

Super Six Nations- who will be crowned the winners?

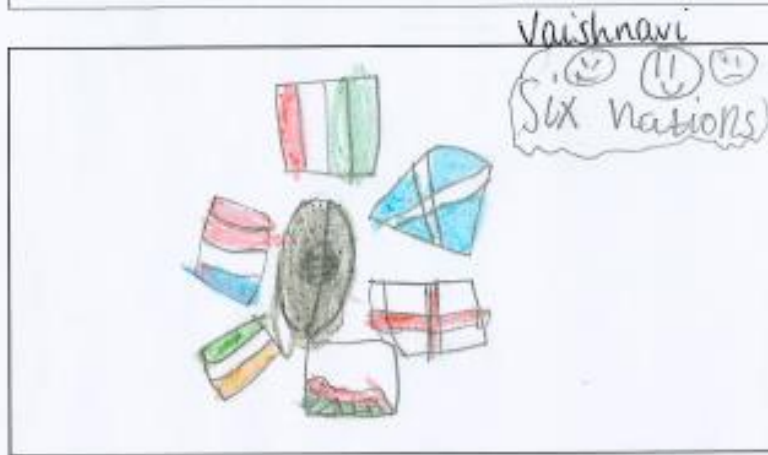

The Six Nations is a Rugby competition between 6 countries: England, Scotland, Ireland, Wales, Italy and France.

England played Ireland this weekend but England did not win.

It looks like France will win the competition this year.

Super Six Nations- who will be crowned the winners?

Six countries namely England, Scotland, Wales, France, Ireland, and Italy compete with each other in Six Nations Championship. As of today all the countries played 4 matches. France won all the four matches. Ireland won three matches. England played very tough match against Ireland and lost the match with fourteen men. One man got red card because

he hit the other person with his head and he got red card. As England lost the game, it made lose its hopes to win the championship. There is every chance that France can be winner of the Six Nations. Ireland can also be winner if England beats France in the next game. If both are joint winners.

Super Six Nations- who will be crowned the winners?

The Six Nations news
The Six Nations is a rugby competition between England, Scotland, Ireland, Wales, France and Italy. I have been watching the games and been supporting England. And one time at Saracens stadium I played before the match on the pitch, I see some of the England players. My favourite player is Marcus Smith because he is really quick, skilful and has an amazing sidestep. However England has lost two games. It was a close game with

Scotland and a red card meant they lost to Ireland. The best team has been France, they have beaten everyone. My favourite French player is Antoine Dupont. They have some amazing players. They play England on Saturday if they win they will get the grand slam. The game is in Paris and I think they will win the game and the Six Nations tournament. My dad went to Twickenham to watch a game, hopefully next year I can go to. I would also like to watch a game in Rome against Italy.
