Dear families,

Well done to the children who joined in with the 'Walk to School Week' activity this week and shared their walking to school, they make a big difference to our environment and their own physical/mental wellbeing every day! Children have also been reminded of the simple yet profound ways we can connect with God's creation. Walking to school offers us an opportunity to slow down, take in the beauty of our surroundings, and reflect on the blessings of health, safety, and community.
